IN CLOSE QUARTERS

The Iron Mountain Train Robbers Surrounded.

ARE SURE TO BE CAPTURED.

If They Attempt to Break Through the Circle It Will Be at the Risk of Their Lives—The Jailbirds Becoming Gloomy as They Begin to Realize Their Fate. The Bandits' Horses Captured.

LITTLE ROCK, Nov. 7.—The men engaged in hunting down the Iron Mountain train robbers have been in their saddles for the past 48 hours. The robbers are in close quarters not far from Jamestown, where the posse has them surrounded. If they attempt to break through the circle, it will be at the risk of their lives, as the hunters are becoming desperate.

The jailbirds were visited again yesterday. They are becoming gloomy and desperate. There are indications that the realization of their crime is just dawning upon them. Both Lemons and Arnett appeared restless and fretful.

United States Marshal Abner Gaines returned yesterday from the scene of the train robbery, where he had been since last Saturday morning. He reports that nearly 100 men are in pursuit of the bandits, who are now on foot and moving in a southerly direction. He feels confident that the robbers will be run down very soon.

At daybreak yesterday morning, a posse met four robbers near Weckerleys. They fired upon and pursued them so closely that within an hour the robbers abandoned their horses, which were captured with their provisions. They dropped three overcoats and hats in their flight on foot. Jewelry, watches, etc., were found in the coats and saddlepockets. Bloodhounds were put on their tracks at noon, and they were followed five miles when the dogs were turned back, driven by one of the Weckerleys, as is supposed, and the trail was lost.

A special received here at 10 p. m. from Batesville says: At 3 p. m. a telephone message was received from Dr. Weaver at Jamestown stating that two more of the horses belonging to the bandits had been captured. The posse came upon the place where the bandits had camped the night before and found some express waybills and a lot of watch crystals. Shortly after 3 o'clock part of the posse came in sight of the bandits and fired one solitary shot. It is supposed that this shot was a signal for the others of the posse to round-by. Nothing has since been heard from the seat of war.

The bandits are without overcoats and some without hats. They have no way of getting provisions and are short on ammunition.

Two deputy marshals came from Muldrow, I. T., last night and are preparing to start out to capture the men. They have every description of both men here in jail and believe they are members of the Dalton gang. The man supposed to be Arnett told the jailer they might break his neck, but it would not move him to make a statement. His pal seems to show signs of weakening, and suggested that they might be mobbed.

"Well, let them hang us," said Arnett, "they can't eat us."

KILLED WHILE ASLEEP.

Three White Men Murdered and Robbed by a Negro.

GUTHRIE, O. T., Nov. 7.—Attorney Payne, who has just arrived from Chandler, 55 miles east of this city, brought news of the murder of three white men—two brothers named Johnson and a man named Wilkerson—by a negro Sunday night near the town of Ingram, 12 miles west of Chandler. It appears that the negro came upon the men while they were asleep and cut their throats with a knife.

The bodies when found had been stripped of clothing. It is known that one of the Johnsons had \$186. The negro was pursued by a posse, and it is reported here that he was captured in the Kickapoo Indian lands. It is possible that he is a member of the tribe, as a number of negroes and Mexicans live with the Indians.

Prominent Merchant Suicides.

PARKERSBURG, W. Va., Nov. 7.—Edward A. Hill, one of the most prominent merchants in this city, committed suicide by shooting himself in the temple. He was manager of the big store of Harmon & Hill, and was prominent socially and in business. He was 40 years of age and leaves a beautiful widow and two children. Business trouble is said to have been the cause of the deed. His suicide is the greatest shock Parkersburg has had for years.

Chicago Tragedy.

CHICAGO, Nov. 7.—Albert Broddock, a laborer, objected to the attentions paid by other men to Louisa Bloomer, his fiancée. Last night he pushed the muzzle of a revolver into the girl's face and fired. The ball made only a slight wound, but the girl fainted and fell to the floor. Broddock thinking he had killed her, shot himself through the brain dying instantly. He left a note saying that he had killed the girl because she deserved it.

Killed in a Folding Bed.

CHICAGO, Nov. 7.—Returning from a church concert the family of Mr. and Mrs. August Berg continued their merry-making at home. When Daisy, aged 22, retired, occupying a folding bed, her brothers, Frank and George, jokingly seized the bed and gave it a jerk. The machine closed up like a jack-knife, and Miss Berg's spinal column was broken. She died.

NEW WHISKY PROCESS.

Distillery Employees Doing All They Can to Hinder Takamine.

PEORIA, Ill., Nov. 7.—Interest has been aroused in distillery circles here by another act of interference here with the Takamine experiments which on Nov. 1 at the Manhattan distillery. Takamine, the Japanese chemist, has always claimed that he has never had a fair chance to show what his process would do, because the employees of the distilleries, who would be dispensed with if his process was adopted, always interfered with his work.

So the Manhattan was turned over to him the first of the month, and he went to work behind barred doors. An expert yeastmaker named Wright from Chicago was employed, and the process was begun. Friday night, however, the door to the room was forced with an iron bar, and all the yeast was ruined, bringing the experiments to a stop. Three days will be required to make some more yeast. Takamine claims that such treatment only proves the value of his invention.

SHOT HER HUSBAND.

A Terrible Tragedy Occurs in a St. Louis Family.

ST. LOUIS, Nov. 7.—Mrs. John Miner, living at 910 Morgan street, shot and killed her husband yesterday morning. Mrs. Miner suspected her husband of infidelity, and the couple frequently quarreled. They were lying in bed when the quarrel was renewed. Miner struck his wife several times, and the latter sprang out of bed with the exclamation:

"You'll never strike me again!"

She seized a revolver lying on the dresser and before her husband could prevent her, fired a 38-caliber bullet through his heart. He fell back across the bed and died almost instantly. Mrs. Miner was arraigned in court later in the day, but expressed no grief over the death of her husband.

A Dying Girl's Story.

SHELBYVILLE, Ind., Nov. 7.—Miss Eva Homback, 17 years old, died mysteriously from poison. She was in love with John Welcher of Indianapolis, and it is said they quarreled. Before she died the girl explained that Welcher bought the arsenic, intending to take it himself. She found him asleep with the poison in his possession, and believing he had taken part of it, took the entire quantity herself. When he awoke she discovered her mistake, but too late to save herself. This story is not believed by Coroner Bruce, who is investigating. The girl came from Columbus, Ind., a few months ago, and has many friends.

Old Feud Results in Murder.

SHELL LAKE, Wis., Nov. 7.—William Sullivan, a farmer, was shot while going from his house to his barn at 10 o'clock Saturday night and died at 3 o'clock Sunday morning. He lived 10 miles west of here, just over the line in Burnett county, Grantsburg. The county seat is 40 miles from the scene of the murder and it was difficult to get officers to make the arrest of the suspected party. Yesterday evening citizens arrested Andrew Johnson for the murder. Johnson and Sullivan have been enemies, and it is claimed the murder grew out of an old feud.

Given a New Trial.

LAFORTE, Ind., Nov. 7.—Jackson Plummer, sentenced to serve a term of 21 years in the penitentiary north for the murder of the city marshal of Fowler, Ind., was returned to Benton county, the supreme court having remanded him for a new trial. The marshal tried to arrest Plummer without a warrant. The attempted arrest occurred in Plummer's house, and as he resisted the officer undue force was used, and in the struggle the marshal was shot.

Confessed Starting a \$3,000,000 Fire.

BOSTON, Nov. 7.—Louis A. Wright, an 18-year-old lad of Newton, Mass., now in jail as an incendiary, has confessed to having set the big fires in Boston last spring, which so startled Boston. His fires include the Hecht building, the Ames, Lincoln, Brown, Durrell and other buildings burned in the so-called Lincoln street fire, besides sundry other buildings. His work caused a loss in property of \$3,000,000 and eight deaths.

Assaulted by a Gang of Toughs.

MUNCIE, Ind., Nov. 7.—Mr. and Mrs. John Fehner, while passing the Midland steel works, were attacked by a gang of drunken ironworkers and nearly killed. The men attempted to take Fehner's wife away from him. He made a hard fight, but was nearly murdered, and the woman was badly injured by being hit in the face with a stone. There were seven men in the crowd. A number of them were arrested.

Anthony Denounced.

JEFFERSON CITY, Mo., Nov. 7.—The local typographical union decided today to withdraw from the state Federation of Labor on account of its endorsing the pardon of the anarchists by Governor Altgeld of Illinois. The union adopted resolutions emphatically denouncing anarchy.

Miners Strike.

TERRE HAUTE, Ind., Nov. 7.—Four hundred miners employed by the Park County Coal company at Rosedale, went out on a strike. The men struck because the operators lowered their screen nine inches, which the miners claim is a violation of the contract made last May.

Iron Works Will Resume.

MASSILLON, O., Nov. 7.—The Corne Iron works, employing 250 men, will start Wednesday. The works have been closed since July 1. The pot furnace of Reed & Company's glass works resumed today.

A THOUSAND DEAD.

Such Is the Extent of the Disaster at Santander.

MANY OTHERS ARE DYING.

The Fire Has Been Extinguished, But the Full Extent of the Disaster Will Probably Never Be Known—Recovering the Bodies From the Sea and Burying Them.

MADRID, Nov. 7.—On his arrival at Santander yesterday, Senor Gamazo, held a consultation with the authorities and the leading citizens, and assured them of the deep sympathy of the queen regent, who, he said, had wept upon hearing of the terrible disaster which had overtaken their city. Senor Gamazo telegraphed to Valladolid for medicines and doctors, and headed a subscription list with \$5,000 in behalf of the government.

A decree has been issued authorizing the application of the remainder of the funds contributed for the sufferers by the Consuegra floods to the people who suffered by the disaster at Santander. The fire brigades of Valladolid and Bilbao have succeeded in extinguishing the flames. Medicines, provisions, clothing and other articles have arrived from Barcelona and other Spanish towns.

The funeral of the Marquis Pombó, one of the victims, was held yesterday. The body was terribly mutilated. The head was entirely severed, and the trunk was in two portions. The burial of the other bodies which had been recovered, also took place yesterday. In most cases the coffins contained only heaps of human remains. These were placed in indiscriminate tombs. Great crowds attended the funeral ceremonies and followed the remains to the cemetery.

Divers began the work of recovering the corpses from the sea, but they became so appalled at the number of bodies which they found that they refused to proceed and begged the authorities not to compel them to continue the horrifying task. They said that the fish had begun preying upon the corpses which were already badly mutilated. Owing to the repugnance of the divers to finish the work men with grappling irons have been employed to extract the bodies from the sea.

The number of dead, missing and injured is still unknown. It is certain that the number will reach 1,000. Many persons are dying from their wounds, and several are expected to die as a result of the fright they experienced at the time of the explosion.

Lopez Doriga, a naval officer, who was an eye witness of the explosion, asserts that the steamer had at least 1,000 cases of dynamite of 35 kilos each on board. After the fire had started, he went alongside the vessel in company with the naval authorities, to assist in extinguishing the flames, finding this impossible, the naval commandant ordered a tug to tow her out into the stream, but the fire gained so rapidly that the commandant ordered that the ship be sunk where she was.

The tank cocks were thereupon opened to admit the sea. The steamer began to sink slowly forward, the fire still gaining. The captain of the Trans-Atlantic line steamer then brought tools to cut holes in the side of the steamer. This process was slow. Doriga left the ship for a few moments and elbowed his way through the crowd of people on the quay. He was behind a cart, 50 yards distant, when he was half stunned by the explosion. He fell beneath the cart while an immense shower of wreckage, consisting of iron bars, rails and joists passed over his head. The steamer was lifted clean out of the water. A portion of the hull was warped and curved toward the stern, and then fell again with a splash into the sea sinking, together with the tugboats, the Trans-Atlantic liner and other craft near by.

On recovering his senses Senor Doriga saw around him a horrible multitude of dead bodies and figures writhing in the agonies of death. Fragments of human bodies were strewn everywhere. The next thing that he detected was the city in flames.

Numerous wrecks of houses could be seen in all directions. The discharge of projectiles from the steamer raised great clouds of dust. The streets were filled with splintered doors, fallen tiles of roofs and debris of every description. The property loss at present cannot be estimated, but it will be very large.

Last Travelling.

ST. LOUIS, Nov. 7.—The Baltimore and Ohio Southwestern made a running record yesterday with President Bacon's special train. The run of 164 miles from St. Louis to Washington, Ind., was made in 165 minutes. The train reached Cincinnati in less than seven hours from the time of leaving St. Louis.

Child Convicted of Murder.

SALT LAKE CITY, Nov. 7.—Harry Hammond, 12 years of age, was convicted of murder in the second degree in the district court for murdering Clyde Robinson, 7 years old. The murder was committed on June 25 last.

The Family Censured.

LOUISVILLE, Nov. 7.—The coroner's inquest over the poisoning of Avery Semple resulted in a verdict that the child came to its death by morphine poisoning taken accidentally. The family was censured.

Mayor of Chicago Pro Tem.

CHICAGO, Nov. 7.—The wrangle over the election of a mayor pro tem, was settled last night by the choice of Alderman George B. Swift.

MURDER AND SUICIDE.

A Man Kill His Wife, Shoots Her Cousin and Then Kills Himself.

ELYRIA, O., Nov. 7.—A frightful murder and suicide occurred here last night. Charles Manning shot his wife, killing her instantly, then shot her cousin, Mrs. W. R. White. He followed up the double tragedy by committing suicide. Mrs. Manning had commenced proceedings for a divorce, and her husband had frequently threatened to kill her.

Last night, crazed by drink, he carried his threat into execution. His wife and Mrs. White were returning from a meeting at a church, when Manning ran from a corner of the street and shot his wife twice in the back. He then turned his revolver on Mrs. White, and shot her in the mouth. He then put a bullet through his own head. Mrs. White will survive, but the murderer and his first victim are dead, and now lie in the undertaking rooms side by side. They had one child, a girl.

The Mannings came here from Pittsfield. The deed was premeditated, and Manning has left a long letter to his relatives explaining the causes which prompted him to commit the crime. The grounds upon which his wife had applied for divorce were drunkenness and abuse.

Columbian Museum a Success.

CHICAGO, Nov. 7.—There is no longer any doubt that the subscriptions of world's fair stock to the amount of \$2,000,000, which is one of the conditions of Marshall Field's gift of \$1,000,000 to the Columbian museum, will be made. Mr. Field did not stipulate any limit of time within which the stock should be turned in. The Chicago City Railway company has contributed \$50,000 in cash and 10,000 shares of exposition stock to the museum. Several valuable exhibits have been purchased by the museum committee.

Brutal Murder.

MARTINSVILLE, Ind., Nov. 7.—At Willow Grove church, six miles west of here, Milton Ferrand and Bedford Kent murdered Noah King. Both assaulted him, and after felling him to the ground with clubs cut his throat with a razor. King died almost instantly. Ike Northern, who attempted to interfere, was beaten with a club and has not yet regained consciousness. The murderers escaped and are still at large. Excitement runs high, and fears are entertained that if captured both will be lynched.

Burglar Wounded.

CIRCLEVILLE, O., Nov. 7.—A burglar tried to effect an entrance to the residence of William Nathstein, in Walnut township. Mr. Nathstein heard him at the window, and arming himself with his revolver he waited until the marauder raised the window, when he fired. The burglar made a hasty retreat. The next morning his hat was found by the window with a bullet hole in it, and spots of blood around the sweat band, showing he had been hit.

Bullet Hole in His Head.

WAPARONETA, O., Nov. 7.—Patrick Luby of Findlay, formerly of this place, was found dead with a bullet hole through his head five miles south of here on the Cincinnati, Hamilton and Dayton railroad. He was single. He was here the previous night and had a jolly time with the boys. He left on the early train. It is supposed he was murdered and robbed and thrown off the train.

Going Insane.

RENO, Nev., Nov. 7.—It is reported that Mollen, the train dispatcher, whose fatal error caused the collision on the Central Pacific Sunday morning and the death of six men, is high insane. He has been taken to Pyramid Lake to avoid excitement, as it is feared his life will be endangered by the knowledge of the full details of the disaster.

Johnstown Flood Suit.

BELLAIRE, O., Nov. 7.—Mrs. Ann Jenkins, who lives north of here, has sued the South Fork Fishing club for \$25,000 damages in the United States court at Pittsburgh. She lost her father, mother and brother in the Johnstown flood disaster, and she wants damages. This is the first suit that has begun against this club on account of the flood.

Strikers Return to Work.

LOVELAND, O., Nov. 7.—Fifteen of the strikers at the Rucker Stone and Gravel company's pits went to work at the reduction made by the company. Those remaining out went to the pits and endeavored to induce some who had gone to work to quit. They succeeded in getting but one man to do so.

Epidemic of Diphtheria.

FOSTORIA, O., Nov. 7.—Diphtheria is prevailing to an alarming extent in this vicinity. It has broken out in the family of Simon Hartley, north of here, and three children have died and others are at the point of death. Four members of the family of Eli Breneman are critically ill with the disease.

Will Stand by the Scale.

YOUNGSTOWN, O., Nov. 7.—At a mass meeting of ironworkers held here last night, resolutions were adopted declaring their intention to stand for the amalgamated scale, and denouncing the finishers who agreed to go to work at a reduction. This action may delay the starting of the mills.

Defended Himself With a Gun.

LOGANSPORT, Ind., Nov. 7.—Hattie Steele fatally shot Michael Shockney at the home of the former. Shockney and two companions, named Kelly and Hutchins, called at Mrs. Steele's home and demanded admittance. Being refused, the door was forced open. Mrs. Steele then fired at Shockney and his companions. She was arrested.

REPORT ON PENSIONS

The Annual Statement to Congress Completed.

SATISFACTORY OPERATION.

The Work Kept Closely Up to Date. Cases Received and Disposed of During the Year Were 203,704—A Falling Off Over the Previous Year.

WASHINGTON, Nov. 7.—The annual report of the record and pension office of the war department points out the satisfactory operation of the new constitution of the office. Current work in the office is kept closely up to date. Cases received and disposed of during the year were 203,704; those on hand June 30, 1893, none. The cases received show a falling off over the previous year.

Many cases are arising under the act of July 27, 1892, to pension survivors of various Indian wars, the principal labor being to ascertain whether organizations to which applicants belonged were in the military service of the United States so as to give them a pensionable status.

During the last fiscal year the individual military records of officers and enlisted men in Ohio, Pennsylvania and Indiana have been completed according to the index card system, and work begun on the records of Illinois. The latter will be completed in a few weeks. This leaves only the veteran reserve corps and other United States volunteers besides the post detachment and miscellaneous rolls to be completed.

The records of the revolution and war of 1812, which an act of congress of July 27, 1892, required should be indexed, have not yet been transferred from the treasury and interior departments. The determination of the military status of the several classes of troops has been an important feature of the carding of the record.

During the fiscal year 8,421,478 index record cards were filed. This makes a total of 35,999,753 index record cards so filed that that of any one individual soldier can readily be found.

IRON HALL RECEIVERSHIP.

The Fate of the Order Will Probably Soon Be Determined.

INDIANAPOLIS, Nov. 7.—The question of the Iron Hall receivership came up in the Marion superior court yesterday. Since the creation of the receivership, Aug. 23, 1892, new complications have arisen in the forming of the two reorganized bodies of the Iron Hall, each of which claims to be the legal reorganization and both of which are united on one side of the case in seeking the dissolution of the existing temporary receivership.

H. F. Libby, elected supreme justice of one of these factions, is here in person looking after the chances of his branch, while Herbert McIntosh, supreme justice of the competing branch, is represented by F. A. Wind of St. Louis. The question before the court and which will be determined upon the evidence is to the right of the court in the premises to appoint a permanent receiver, who shall wind up the affairs of the order. Articles of agreement between all the attorneys as to the main facts in the case have been filed. The trial of the cause will not, it is thought, reach a final determination under two weeks.

TAR AND FEATHER INDICTMENTS.

Prominent People Charged With a Serious Crime.

KOKOMO, Ind., Nov. 7.—Six prominent business men of this city were indicted for murderous conspiracy yesterday. Last July M. L. Garrigus, agent for a Chicago paper, was assaulted in a dark hallway by three men who attempted to take him to a secluded spot where a crowd awaited to administer a coat of tar and feathers. The plot failed. Garrigus shot one of the assailants and escaped.

He charged that three colored men had been hired to assassinate him by a band of conspirators and presented the matter to the grand jury. That body yesterday indicted L. B. Hodgins, a brick manufacturer and ice dealer; J. F. Bruff, an architect; Harry Chumey, a hotel clerk; Captain H. H. Stewart, a city councilman; Emory Moss, a saloon-keeper; W. E. Studdell, a merchant and capitalist and the three colored men. Late yesterday evening Councilman Stewart met Policeman Hutto in a business house and attempted to shoot him. The officer also drew his revolver and but for timely interference a bloody tragedy would have followed.

Marriages From Midway.

CHICAGO, Nov. 7.—Two Japanese world's fair exhibitors secured licenses yesterday to wed a couple of the Egyptian girls from the streets in Cairo. They gave their names as Ton Mugi and Samuel Watanabe. The former married Juanita Chorbua, 19 years old, and the latter Cora Ragab, 21 years old.

Warm Time Expected.

ARKANSAS CITY, Kan., Nov. 7.—The grand council of the Osage Nation convened yesterday at Pawhuska for legislative business. A big pow-wow is anticipated and as warm a time as at the last session of the congress. There are 15 members and the presiding officer, Julian Trumbly.

Cuban Outlaws Killed.

HAVANA, Nov. 7.—A telegram from Santa Clara says that an armed party of 50 outlaws near Ranchuella has been dispersed by civil guards and volunteers. Several persons were killed, and a number wounded.

A YONKERS (N. Y.) firm of carpet manufacturers have confirmed the published report that they are making carpets for export to the English market in order to fill English orders. They are enabled to successfully compete in the English market by reason of improved machinery. There can be no reasonable doubt that after the tariff duty shall have been removed from carpet wools the carpets made in this country will find ready sale in every central market of the world, remarks an exchange.

The Public Ledger and Captain Hutchins have had a good deal to say about Mr. Walter Matthews' vote against the special school tax of 15 cents on the \$100. They failed to state, however, that the district in which Mr. Matthews lives had voted a school tax of 25 cents on the \$100 long before the 15-cent proposition was ever submitted. Mr. Matthews' district was the first in the county, we believe, to have a ten-months public school, and he was one of the leaders in the move to extend the term. Mr. Matthews is all right on the school question, notwithstanding the efforts of the P. L. and Captain Hutchins to make it appear otherwise.

PLEASANT RIDGE, LEWIS COUNTY.

Wheat is coming up nicely, and there is a very large acreage sown this fall.

Some of the farmers are cribbing their corn and they find that they have got an abundance of room to hold it.

Editor Huff, of the Vanceburg Sun, is much distressed about the Separate Coach bill. We hope the bill will be so amended that Bro. Huff can have the blessed privilege of riding with "de colored gemmen."

Uncle Headley Harrison, while out feeding sheep last week, had an experience which he will not soon forget. Two of his little grandchildren were with him, and hearing them cry he investigated and found a vicious buck knocking the little fellows around unmercifully. By using his cane quite freely he put the sheep to flight, minus an eye, but not until the sheep got

in one or two good ones on the old man, which came near laying him up.

Hon. S. J. Pugh and Dr. Bowman addressed a good big crowd at Pearl's November 3rd, at night. The Judge knows how to weave the net that reminds one of "the spider and the fly." He said that Mr. A. P. Gooding had fought against the tax for better schools in Mason County, but never said once we will give the people of Lewis County the chance to vote for better schools. The Doctor talked war, and told us lots of funny-dotes, and told us also what was on the "free list" and placed there by G. O. P. He almost went into ecstasies on quinine.

CONSTIPATION

Is called the "Father of Diseases."
 It is caused by a Torpid Liver,
 and is generally accompanied with

LOSS OF APPETITE,
 SICK HEADACHE,
 BAD BREATH, Etc.

To treat constipation successfully

It is a mild laxative and a tonic to the digestive organs. By taking Simmons' Liver Regulator you promote digestion, bring on a regular habit of body and prevent Biliousness and Indigestion.

"My wife was sorely distressed with Constipation and coughing, followed with Bleeding Flies. After four months use of Simmons' Liver Regulator she is almost entirely relieved, gaining strength and flesh."—W. B. LEEPER, Delaware, Ohio.

Mr. Jno. B. Holton returned yesterday from a business trip to Joplin, Mo.

Mr. and Mrs. George Boggs have returned to their home in North Carolina.

Mr. A. F. Respass, of the State Auditor's office, came in from Frankfort yesterday to take part in the election to-day.

Mrs. Will Moore and daughter, of Ripley, have returned home after a visit to Mr. and Mrs. J. B. Orr, of East Third street.

Lexington Transcript: "Miss Mattie Huston Wadsworth, daughter of Mr. A. A. Wadsworth, of Maysville, returned home, having been much benefited under the care of Dr. McClure."

"Got Even."

A special from Vanceburg says: "A few nights ago the Deputy Marshal of this city, Thomas Kinnard, went out into the country to attend an old-fashioned dance, or 'break down.' He had been there only a short time when a well-known citizen, Howard Griffith, attended by his three sons, entered the house, and with knives and pistols compelled the chivalrous young officer to make for tall timber. Saturday morning Howard Griffith came into town. The Deputy saw him, went to him, and 'plucked him off' into a vacant lot. When they got well out of sight Kinnard knocked the old chap down, then took a big 'ox gad' and whipped his victim until he fainted under the agony. The experiment of chasing Tom from a dance will probably not be repeated."

Lots of Money.

Kentucky is getting to be a regular old money-bag and coupon clipper, who cares nothing about hard times that the Republican management brings upon other parts of the country and upon private individuals.

A month ago Treasurer Hale paid out \$800,000 to the schools of the State. Saturday he paid out \$400,000 more, and he announces, with some show of natural pride, that he has \$400,000 more left.

The new banks that he has selected as State depositories pay the same interest as before, and the State is securing daily about \$50 interest on the money it has on hand, or at the rate of \$20,000 a year interest alone.

They Come High.

Says the Brooksville correspondent of the Augusta Reporter: "Our new system of holding court is quite expensive, the amount paid to jurors alone at recent term being \$1,057.57, and only three civil causes being tried by jury, leaving over fifty civil causes on the docket to be tried by jury besides the new cases that will be filed between now and the March term. At this rate our ordinary docket will be ten years behind at the expiration of Judge Harbeson's term."

County Court.

T. Gordon Gilmore qualified as guardian of Pearl Clarke and Effie Clarke, with M. R. Gilmore as surety.

G. W. Rogers & Co. were granted license to retail spirituous and vinous liquors.

Sheriff J. C. Jefferson produced his quietus from the State Auditor for the revenue for 1893, which was ordered filed.

Dennis Gibbs qualified as administrator of Lucy Redmond, with John T. Bramel as surety.

Augusta's Cannery.

Says the Augusta Reporter: "Already farmers have been making inquiries and are ready to make contracts for raising corn and tomatoes for the cannery next season. There is no reason why this should not become the very best enterprise Augusta people have ever taken stock in. That it is the best thing we ever had for the farmers and town laborer and every branch of business goes without saying."

WARNING AGAINST SMALL-POX.

The State Board of Health Issues a Circular Urging That Precautions be Taken.

The State Board of Health has issued the following circular:

BOWLING GREEN, Ky., November 4, 1893.
To the Health Officers, Physicians and People of Kentucky: This board has received official information of the existence of small-pox in many sections of this country, particularly in Indiana, Ohio and Pennsylvania. It also prevails extensively in Europe, and manifests an unusual tendency everywhere to break over official control and assume an epidemic form.

This board, therefore, feels it to be its duty to warn the people that decisive action should at once be taken to protect the State from this loathsome malady. Fortunately the method of prevention is as certain in its action as it is cheap and easy to obtain. Vaccination and re-vaccination, properly done, with reliable virus, is a certain remedy and is entirely free from danger. This is the conclusion of the scientific world, after full investigation and large experience, and may be thoroughly relied upon.

Notwithstanding that this safe, cheap and perfect protection is within reach of all, it is estimated that nearly one-third of the people of this State have never availed themselves of it. Intelligent persons should not wait for the law to force them to an evident duty. No one should allow himself or any one he is responsible to, to remain unvaccinated at any time, and especially in the face of the present danger. Health and school boards, everywhere, should co-operate in requiring vaccination as a condition of admission to all schools, public and private, and the proprietors of manufactories and railroads should make the same requirements of their employees. The operation should always be done by competent physicians, at three points in the same arm, and the person vaccinated should be seen by him from time to time that he may know that a perfect result has been secured. Imperfect vaccination can only give rise to a false and often fatal sense of security.

As a further precaution, the various health boards of the State, county and municipal, are requested to perfect their organizations, take every precaution to prevent the importation of the disease into the communities over which they have control, or, failing in this, be ready to stamp it out by strictly isolating the first case, and vaccinating and re-vaccinating every person endangered by it. The funerals of all persons dying of this disease should be strictly private. The same precautions should be observed in the management of scarlet fever, measles, diphtheria and other infectious diseases.

By the promptness and efficiency of several of our county boards in former years the disease was easily stamped out. In other counties no such precautions were taken at the outset, and the disease was only checked after serious loss of life, great interference with business, from the panic incident to an epidemic of this disease, and an expenditure of money, which, if judiciously used in systematic vaccination beforehand, would have given perfect immunity to every citizen in the community. Here, as in other things, an ounce of prevention is not only better but cheaper than a pound of cure.

In this, and all other matters pertaining to the public health, the State Board holds itself in readiness to assist the local boards to the full extent of its powers; and all physicians of the State are requested to promptly notify their local boards of health of the first outbreak of this or any other contagious disease in their respective communities. By order of the board.
PICKNEY THOMPSON, President.
J. N. McCORMACK, Secretary.

The marriage of J. Miller Ward to Miss Belle Brent Clay will take place at "Marchmont" near Paris on the 15th. The to-be groom is a son of Judge J. Q. Ward, and the to-be bride a daughter of James E. Clay.

The case of the telephone girl, who was expelled from a Presbyterian church in Columbia, S. C., for working on Sunday, may become famous. The South Carolina Synod has overruled the Presbytery and ordered that the young woman be restored to the church, but the Presbytery gave notice of an appeal to the General Assembly.

The Rev. George W. Dupee, D. D., of Paducah, Ky., who preached the funeral sermon of the Rev. Elisha W. Green, filled the Bethel pulpit Sunday at 11 a. m. In his opening remarks he completely exonerated that church from the undeserved imputation made by him at the funeral, assuring the members that "misleading information" alone gave rise thereto.

GEORGE PEABODY, the eminent banker and philanthropist, who died a few years since, devised to the Southern States, for educational purposes, for the benefit of the whites, several hundred thousand dollars, called the "Peabody Fund." The States are to-day reaping the benefit of this truly great man's munificent gift. A grand-nephew of Mr. Peabody is now visiting in this country.

EX-GOVERNOR TAYLOR, of Tennessee, will lecture in this city December 11th on "The Paradise of Fools." He is a great speaker and never fails to entertain an audience. A few years ago he was the Democratic candidate for Governor of Tennessee, while his brother, Hon. Alf Taylor, was the Republican nominee and their father was the Prohibition nominee. "Our Bob," as he is known down in his State, won the fight.

A NUMBER of Kentuckians, including Judge Anderson, Marshal Foree, Sam Gaines, O. P. Tucker, James Edwards, Chester Reese and Dexter Kehoe, met in the rooms of Representative Lisle at the Woodmont, Washington City, and perfected arrangements for organizing a Kentucky social club. The club will be in running order by the time Congress assembles in December. Representative Berry will, in all probability, be elected President.

MISS MARGARET SAVAGE and General James S. Martin were quietly married last week at the residence of the bride's brother, Hon. S. S. Savage, at Ashland. The groom has more than a State reputation, is an ex-member of Congress and has been extensively identified with the success of the Republican party in his State. The bride is a member of an old and distinguished family. The bride and groom will spend the winter at Las Vegas, N. M.

THE pantomimic burlesque, "Spider and Fly," is a big success. It is easy to see that no expense has been spared in placing it upon the stage in a fitting manner. M. B. Leavitt, the proprietor and manager, has neglected nothing that would enhance its value as a gorgeous spectacular production. The scenery, costumes and stage accessories are simply magnificent. The company is a large and competent one, the ladies young, pretty and graceful, the gentlemen especially selected for their peculiar roles in an extravaganza of this character. No end of funny things in the "Spider and Fly."—N. Y. Commercial Advertiser.

DAYLIGHT MURDER.

A Storekeeper Killed and Robbed by Four Negroes.

LAKE CITY, Fla., Nov. 7.—One of the boldest murders ever committed in that part of the country is reported from Lake City Junction, on the Savannah, Florida and Western railroad, two or three miles from Fort White and in the lower portion of this county. William Duncan, a white man, was killed in his store at the junction, in broad daylight, between 8 and 10 o'clock in the morning. The weapon used was a coupling-pin and with this his brains were beaten out.

Four negroes were seen by those living near to go into his store and afterward three of them were seen going away with large bundles; and shortly after this the crime was discovered by someone who went to the store. Robbery was evidently the motive. The store was ransacked and left in confusion. The community was aroused and a posse is in pursuit, with dogs. It is thought that one of the negroes has been captured. If taken, they will doubtless all be lynched.

Another negro, who may also be one of the gang, was arrested here yesterday evening, as answering the description of one wanted in Orlando, and he is now in jail.

ONE MISSING MAN FOUND.

He Wandered Away From the World's Fair and Went to California.

CINCINNATI, Nov. 7.—Mobilian McCracken has been found. Monday morning he was picked up on the streets of San Francisco, hungry, destitute and in a wretched condition. He told the police who he was and asked that his father be notified. Accordingly, a telegram was sent to Chief Deitsch to that effect.

Young McCracken is a son of Ralph McCracken, the Fourth street dealer in gent's furnishing goods, and is a civil engineer with headquarters at Columbus.

Some weeks ago he went to Chicago to attend the world's fair. He suddenly and mysteriously disappeared, leaving no trace of his fate.

Detectives were employed and every effort was made to find him, but without success. It was finally concluded that he either had been murdered or had been lost on a vessel during a storm on the lake. His discovery in San Francisco is therefore a complete surprise.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

Complete Manhood and how to attain it.

At last a medical work that tells the causes, describes the effects, points the remedy. This is scientifically the most valuable, artistically the most beautiful, medical book that has appeared for years; 95 pages, every page bearing a half-tone illustration in lines. Some of the subjects treated are Nervous Debility, Impotency, Sterility, Development, Varicocele, The Husband, Those Intending Marriage, etc. Every man who would know the grand truths, the plain facts, the old secrets, and the new discoveries of medical science as applied to married life, who would atone for past follies and avoid future pitfalls, should write for this wonderful little book. It will be sent free, under seal. Address the publishers, Erie Medical Co., Buffalo, N. Y.

DR. APPLEMAN,

"SPECIALIST!"

NEW METHOD AND TREATMENT IN—
Nervous, Chronic, Throat and Catarrhal Diseases.
Late from New York City, now permanently located at Louisville, Ky.

REMEMBER THE DATE, AND COME EARLY.

WILL MAKE HIS NEXT VISIT TO

MAYSVILLE, THURSDAY, November 9,

ONE DAY, returning monthly thereafter—parlors at the CENTRAL HOTEL. From Thursday at 10 a. m. till Friday at 3:30 p. m.

DR. APPLEMAN'S NEW SYSTEM.

So many thousands are already acquainted with Dr. Appleman's mode of treatment in this country, it is only necessary to say by this method an equilibrium of the vital powers is at once established, and an equalization of the circulation maintained. Thus nature is enabled to throw off the effete matter. Medicine will not act like a charm and health at once ensue. Dr. Appleman's experience in the Great Medical Schools and Hospitals of New York enables him to treat all chronic and Catarrhal Diseases understandingly, and with never varying success. He does not claim to cure everything like some physicians. Bear this in mind. Call and see for yourself. He does not practice deception. Dr. Appleman uses nothing but the latest and most improved treatment in foreign hospitals—nearly all medicines new.

The Greatest of all Gifts—The Power of Diagnosing Diseases.

Dr. Appleman knows he is one of the Greatest Diagnosticians in the world. He has a national reputation for diagnosing the most complicated diseases.

By his keen perception and intuition he is enabled to fathom the most complicated disease and reveal to the sick one the true fountain and cause of their suffering, where other physicians have failed and were groping in darkness.

By his correct understanding of each and every case, Dr. Appleman is enabled to cure hundreds of diseases given up by the most eminent physicians in the country.

CATARRH—Dr. Appleman can absolutely and permanently cure any case of Catarrh that ever existed. He honestly believes he can show a greater record of cases of Catarrh cured than all the physicians in Kentucky combined.

Over 10,000 afflicted cured of Nervous, Chronic, Throat and Catarrhal Diseases in ten years.

Dr. Appleman promptly, absolutely and permanently cures Rheumatism, Paralysis, Throat and Catarrhal Diseases, Epilepsy, Scarcinal Weakness, Neuralgia, Spontaneous Night Sweats, Weak Back, and all diseases of the Mind, Pleurisy, Consumption (in first and second stages), Catarrhal Headache, Heart Disease, Disease of the Blood, Female Diseases, Liver and Kidney Complaints, Nervous Exhaustion, General and Local Debility, etc. Dr. Appleman guarantees to restore impaired Vital Energy, to invigorate the Debilitated Constitution, stimulate the Organic Action, promote the Circulation and promptly remove that Vital Energy, the loss of which is the symptom of decay.

"What is it?" and "How does he do it?" are questions asked by hundreds of people.

Dr. Appleman can refer you to hundreds and hundreds of persons whom he has treated and cured. If you have been humbugged or badly treated do not wait for a more convenient season, but come at once and put his wonderful powers to the test. You will never regret it. Remember the date. CONSULTATION PRIVATE and FREE TO ALL.

Dr. Appleman will treat you honestly and positively will not throw out any false hopes or take your case if he cannot cure you. If your case is incurable he will frankly and honorably tell you so; also caution you against spending money for medicines which impostors usually suggest. Charges shall be reasonable and within the reach of all.

for Infants and Children.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. Archon, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach."

"For several years I have recommended your 'Castoria,' and shall always continue to do so as it has invariably produced beneficial results."
